Annual Governance Statement: Exercise Movement Dance UK (EMD UK)

Introduction

EMD UK is the national governing body for group exercise. It is subject to the Code for Sports Governance (the “Code”) and is committed to the principles of good governance.

The Annual Governance Statement provides EMD UK’s stakeholders, members, supporters and sponsors with an annual report on the governance performance of the organisation.

This Statement is made in accordance with the Code for the period from April 2021 to March 2022 (the “Reporting Period”).

Vision, Mission and Values

Vision: Healthier communities through group exercise.

Mission: To support group exercise instructors to be the best they can be.

EMD UK is guided by and embraces the following values:

We support

We support instructors to be the best they can be. We use our resources, expertise and influence to guide instructors individually and as a collective.

We collaborate

Our vision and mission matter for the health of all communities. We collaborate and seek a ‘win-win’ for the benefit of instructors, the wider physical activity sector and the nation.

We are inclusive

Group exercise is for everyone. We strive to ensure all instructors have the same opportunities from us, regardless of age, gender, ethnicity or ability.

We act with integrity

Our customers and stakeholders expect EMD UK, as the national governing body, to be fair, consistent and do the right thing. We are honest, principled and have high standards. We deliver on our promises.

We are ambitious

We think big! We always challenge ourselves and the sector to provide the best support and opportunities for instructors.

Governance Structure

The Organisation is a not for profit company limited by guarantee. Its governing documents, consisting of a memorandum and articles of association are published on its website (link to EMD UK Articles of Association).

Governance Framework
The organisation is committed to the Code for Sports Governance and the principles of continuous improvement. In keeping with this approach and informed by the latest revision to the Code (published in December 2021), the senior team maintain a working document detailing actions and ambitions to strengthen the governance of the organisation. As such the Board remains fully committed to retain compliance to the Code and to be guided by best practice.

CEO/Executive Team

Marcus Kingwell (appointed October 2019) as CEO is responsible for the operational implementation of the strategy and manages the executive team. He is supported by a senior team and guided by a strategy focusing upon delivering the ambition and mission of the organisation.

Throughout the entire Reporting Period the UK was impacted by government restrictions, business disruption and the life changing consequences of the Covid pandemic. In this regard, the entire staff team must be commended for the support and guidance offered to the sector as working practices for group exercise instructors were significantly impacted. These actions added a firm stamp to the credentials of EMD UK as a system partner to Sport England and a leader for the group exercise community.

Despite this unprecedented disruption the team retained focus upon the primary goals, achieved key performance targets both as an organisation and in relation to the Sport England grant and projects. This was a commendable achievement.

During the year a revised strategy was approved by the Board in December 2021. This refined strategy offers greater clarity of purpose as it strengthens the focus upon the mission of the organisation. In addition, EMD UK was awarded £5 million of grant funding by Sport England (2022-2027) to support the ambition of a more active and a more inclusive nation. This was a significant award not just the financial commitment but the length of the award extending to 5 years. This platform provides EMD UK far greater scope to plan, implement and embed initiatives that will add long term and sustainable value to the customers, stakeholders and sector it supports.

Board

Role

The Board is collectively responsible for the long-term success of EMD UK and is exclusively vested with the power to lead the organisation. The Chair is responsible for the leadership of the Board. The Board is the ultimate decision-making body and exercises all of the powers of the organisation other than those specifically allocated to other persons under either legislation or the Articles of Association. It is responsible for setting the strategy of EMD UK and providing oversight of executive action but maintains
a clear division between its management and oversight role and the executive’s operational role.

The board is voluntary with the exception of the Chair, Nigel Wallace who receives an Honorarium payment and Marcus Kingwell (CEO) who holds an ex-officio position. During the period Nigel Wallace was paid an Honorarium of £4,000.

The Board meets a minimum of 4 times a year and also on an ad hoc basis where required. The table below sets out the meetings held in the Reporting Period and summarises the key decisions taken.

During the year working groups were established to support a revision to the organisation’s strategy, the bid submission to Sport England and a review of the company’s Memorandum and Articles of Association.

Meetings are held as required. No meetings were held during the Reporting Period.

Strategy

The Board sets the strategy of the organisation. The current strategy is published on the EMD UK website (EMD UK Strategy 2022-2027).

The Board continually monitors progress against the strategy and the Board papers and reports align to the respective Business Improvement Goals.
Risk Management

The organisation has agreed a Risk Management Policy to ensure that effective processes are in place to track and report on existing and emerging risks which could affect the Organisation’s ability to meet its Strategic Objectives and/or cause damage to the organisation or its stakeholders. The objective is to support better decision making and management of risk through a comprehensive understanding of risks and their likely impact.

The executive team review the risk register each quarter and report all changes actions and mitigations as a standing item on the board agenda. This approach is reviewed and approved by the board annually. During the Reporting Period the approach was reviewed and approved by the Board on 17th March 2022. Whilst the Risk Register remains a standing item on the Board agenda and the full register is included within the papers, a report is presented detailing the priority risks of concern with mitigations and actions. This allows the Board more time to focus, review and debate the priority issues that could potentially impact the organisation.

Equality, Diversity and Inclusion (EDI)

EMD UK is fully committed to the principles of equality of opportunity and to creating a diverse environment. We work with our stakeholders to enable EMD UK to be an accessible and inclusive employer and group exercise facilitator to provide opportunities for all.

Our target is to maintain a position where no gender definition exceeds 70% of the Board. Prior to the resignation of Jane Dewar the board retained this ambition with two thirds of the Board identified as male and one third female. We also have the target of achieving national average representation (14%) from ethnically diverse communities on the Board, during the same period this representation stands at 8%.

Women are well represented in the staff and senior management team, at 90% and 67% respectively. Representation from ethnically diverse communities within the staff is 9%, which is slightly below the representation in the office catchment area.

EMD UK is committed to increasing the diversity of staff, board and members, participants and group exercise teachers and will carry out initiatives to encourage more women, people with disabilities and people from ethnically diverse communities to become more actively involved in all aspects of EMD UK’s activities. EMD UK’s commitments are set out in the ‘Achieving Diversity Action Plan’ (link to EMD UK EDI Action Plan) which was approved by the Board in September 2021.

Safeguarding

EMD UK wants to ensure that adults and children are protected during group exercise activities. EMD UK has developed a range of Safeguarding policies so that all involved know what processes and procedures to follow and who they can contact for help if they have any safeguarding concerns.
The policies can be found at [https://emduk.org/safeguarding](https://emduk.org/safeguarding). There were no reported issues of safeguarding during the Reporting Period. All related policies have been reviewed and approved and the safeguarding standard continues to be met.

**Complaints / whistleblowing policy**

EMD UK is committed to the highest standards of care whilst engaging with customers, members, stakeholders, peers and colleagues. The organisation is committed to the highest standards of openness, integrity and accountability.

EMD UK welcomes feedback in order to constantly improve its products and services, therefore, feedback and complaints are viewed as a continuous means to improve quality and performance. EMD UK complaints procedure can be found at [https://emduk.org/wp-content/uploads/2017/01/EMD-UK-Complaints-Procedure.pdf](https://emduk.org/wp-content/uploads/2017/01/EMD-UK-Complaints-Procedure.pdf)

EMD UK support an environment where people feel free to raise their concerns with the knowledge that all concerns will be taken seriously. The company will not tolerate harassment or victimisation and will act to protect anyone who has raised a concern in good faith. EMD UK’s whistleblowing policy can be found within the adult safeguarding document ([https://emduk.org/safeguarding](https://emduk.org/safeguarding)).

Approved by the Board on 23rd September 2022 and signed by the Chair on behalf of the Board.
